

**REMARKS**

In the Office Action mailed 04/12/2005, the Examiner indicated that the application is in condition for allowance except for objections to the disclosure including claims, specification, and title.

Applicants wish to thank the Examiner for the indication of allowable subject matter in claims 1-4.

In the objection to claims 1-4, the Examiner noted that terminology is included which differs from that which is generally accepted in the art. Applicant has adopted the Examiner's suggestion and has amended claim 1 to conform to the Examiner's request. Accordingly, the objection to claims 1-4 should be withdrawn.

The specification, including the title, has been amended to correct errors of a typographical and grammatical nature, as requested by the Examiner.

The Examiner is requested to confirm acceptance of the drawings filed March 10, 2004.

In view of the foregoing amendments and remarks, Applicant respectfully requests reconsideration and reexamination of this application and the timely allowance of the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
